MADE TO STAND OUT

eng

A charismatic personality

The personality of our collection of knobs and handles for 2024 stands out for many different reasons: for their daring character; for their creative rebelliousness; and for shaking the foundations of everything that we have designed until now. It's a new beginning.

We have maximized features and aesthetics. The handles with larger dimensions have become more forceful with big diameters which allow them to be used in new ways thanks to the “back to back” format which means they can be fitted on both sides of the door. They stand out for their natural look which is why we created them. The organic spirit of wood can be found in the details which make the difference, whilst the new finishes flood your interiors with a special charisma. All of our designs are really surprising as they are full of freedom.

Personalidad carismática

La personalidad de nuestra nueva colección de pomos y tiradores 2024 destaca por muchos motivos: por su carácter atrevido; por su rebeldía creativa; y por sacudir los cimientos de todo lo que hemos diseñado hasta ahora. Es un punto y aparte.

Estética y prestaciones se maximizan. Los tiradores de grandes dimensiones aumentan su contundencia con diámetros “big” y permiten nuevas formas de uso gracias al formato “back to back” que hace posible instalarlos a ambos lados de las puertas. Sobresalen con naturalidad, forma parte de su esencia.

El espíritu orgánico de la madera se propaga en detalles que marcan la diferencia, mientras nuevos acabados inundan los interiorismos de un carisma especial. Todos los diseños sorprenden, porque están llenos de libertad.

Personalitat carismàtica

La personalitat de la nostra nova col·lecció de pomos i agafadors 2024 destaca per molts motius: pel seu caràcter agosarat; per la seva rebel·lia creativa; i per sacsejar els fonaments de tot el que hem dissenyat fins ara. És un punt i apart.

Estètica i prestacions es maximitzen. El agafadors de grans dimensions augmenten la seva contundència amb diàmetres “big” i permeten noves formes d'ús gràcies al format “back to back” que fa possible instal·lar-los a banda i banda de les portes. Sobresurten amb naturalitat, els creem per això.

L'esperit orgànic de la fusta es propaga en detalls que marquen la diferència mentre nous acabats inunden els interiorismes d'un carisma especial. Tots els dissenys sorprenden, perquè estan plens de llibertat.

Going for green

Each and every year we make further advances towards being more sustainable. The presence of wood in our products is ever increasing, we can certify its origins, as with the rest of our materials. The majority of our packaging is paper based and we have significantly reduced our use of non-recycled plastics. What's more, we are now working with 100% renewable energy and we also have the ISO 14001 certificate. We are taking action so that the natural environment that surrounds us tomorrow is just as green as that which surrounds us today.

Utilizamos packaging mayoritariamente de papel y hemos reducido al máximo los plásticos no reciclados. Además, funcionamos 100% con energías renovables y disponemos de la ISO 14001. Actuamos para que el entorno natural que nos rodee mañana sea tan verde como el de hoy.
